THE HOSTI GROUP

Our HOSTI family business consists of 3 companies with a total of 150 employees. Our group turnover in 2025 (HOSTI D, HOSTI CZ, Zechel) was approx. 35.1 million EUR. Approx. 14,000 t of raw cardboard were processed. We have the capacity for more than 2 billion paper plates. This corresponds to a distance of approx. 400,000 km (for comparison: circumference of the earth approx. 40,075 km).

As a family-owned company with production facilities in Germany and across Europe, we view sustainability not as a short-term trend, but as a long-term responsibility – toward our employees, our partners, and future generations.

We are Europe's largest paper plate manufacturer.

HOSTI since 1949

Paper plates are a family affair for us.

Since 1949, HOSTI has been synonymous with high-quality disposable cardboard tableware. As a family business, for 77 years we combine experience, reliability, and a forward-looking approach. Our roots lie in **Baden-Württemberg**, more specifically in **Hohenlohe**, and this is where we still manufacture our products today.

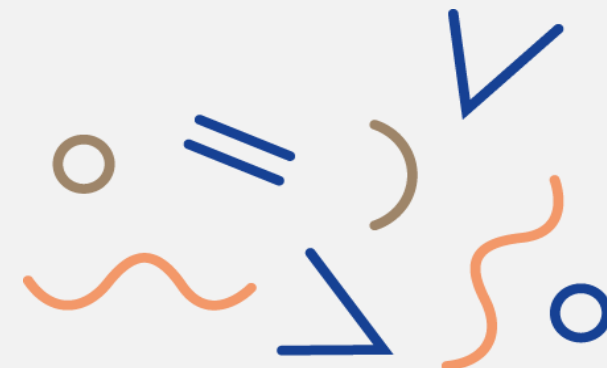

For us, „**Made in Germany**“ means:

Short distances, high quality standards, and responsibility towards people and the environment.

We process **cardboard from Baden-Württemberg** and selected regions of Europe, and consciously focus on regionality and partnership-based supply chains. We round off our product range with merchandise such as paper cups, wooden cutlery, napkins and tablecloth.
